early bird rate: \$375 • after 12/15/18: \$420

How Sensory Integration Guides Early Child Development - Applying Ayres Sensory Integration Theory®

Susanne Smith Roley OTD, OTR/L, FAOTA

Mary Singer MS, OTR/L

Aja Roley MA, OTR/L

From Research to Intervention for the Young Child

Centerpointe for Children is pleased to present an in-depth workshop on sensory integration, sensory processing and its effect on early childhood development in the child under 3 years of age. This two-day intensive workshop has been designed for OTs, PTs, and SLPS and includes live demonstrations and video, focusing on assessment, intervention strategies and evidence-based resources. A foundation in sensory integration is suggested but not necessary!

NOTE: CLASI is also offering a 1-day introductory course for parents, childhood educators and professionals! (see details on the registration page)
